Public Meeting Scheduled for Major Road Plan

The Metropolitan Planning Commission will hold a public meeting to present updates to the Major Road Plan on Wednesday, April 27 from 5-6 p.m. in the Small Assembly Room of the City County Building.

The Major Road Plan lists each road in the context of Knoxville and Knox County's overall transportation system and identifies its roadway classification. It assigns right-of-way requirements based on the purpose and function of the road, future road improvements, future pedestrian improvements, traffic counts, anticipated development, and policies and goals contained in various adopted plans. The Major Road Plan also is used in the regulation of land use and the plan's requirements are referenced in the Knoxville-Knox County Minimum Subdivision Regulations.
